

BoardRescue™

BoardRescue™: Dry Erase Whiteboard Cleaning/Reconditioning Kit

The all-in-one solution for off-white whiteboards.

- Specially formulated pump-action spray
- Unique, easy-peel cleaning/reconditioning surface sheets
- Anti-static property prevents dust accumulation
- Cleans deeply to reverse the effects of ingrained ink
- Even removes permanent marker pen ink

Further Information

104 ml (3.5 US fl. oz.) bottle of a specially formulated pump-action spray.

15 easy-peel cleaning/reconditioning surface sheets with each BoardRescue kit. Each sheet has a backing to prevent moisture and dirt from reaching the layers below.

Surface sheet refill pack optional.

The surface sheets fibers are woven and layered in a very specific way allowing them to effectively pick up the ink and other dirt from a whiteboard and hold it within. This highly durable, anti-static material also reconditions your board. This material is unique to Wonderwell's.

BoardRescue saves you the expense of a new dry erase whiteboard. It brings back a new shine and allows for excellent marker pen functionality.

Private labeling available with this product.
