### Further Information

15 easy-peel cleaning/conditioning surface sheets.

Surface sheet refill pack optional.

Optional magnetic function to allow your eraser to attach to most whiteboards. Useful if your whiteboard doesn't have a marker pen/eraser tray.

The surface sheets fibers are woven and layered in a very specific way allowing them to effectively pick up the ink and other dirt from a whiteboard and hold it within. This highly durable, anti-static material also conditions your board. This material is unique to Wonderwell's.

Private labeling available with this product.

Fully recyclable and biodegradable which makes it ideal for kindergartens, schools or organizations wishing to promote environmental consciousness.
